

**Extended COVID-19 Learning Plan  
Goal Reporting - Career Education  
Required by February 1, 2021 and by End of 20/21 School Year**

Date: 2/1/21

| Goal Category               | Goal Related to Course Segment Completion at Required MDE - OCTE Approved Level   |
|-----------------------------|---|
| Middle of the Year CTE Goal | Students in all state-approved career and technical education programs and courses will work toward mastery of the 12 standardized segments (units of instruction) throughout their program. Individual student mastery is measured and tracked through CTEIS at the end of each semester. By mid-year, all students will successfully complete the segments contained in that first semester with a 70% (2.0) or higher level of mastery.  |
| End of the Year CTE Goal    | Students will continue to work on segments taught during their second semester coursework, with all students achieving 70% (2.0) or higher level mastery on each segment. While state-level benchmark assessments are not aligned to each CTE program, students achieve individual segment mastery at the 2.0 level and, in many programs, earn designated certifications and/or credentials. CCRESA Career Education Programming will meet or exceed the threshold for student obtainment of industry or postsecondary credentials as required by the Perkins V legislation. |

**Achievement or Growth on Benchmark Assessment**

| Reporting Category                                | By February 1  | Before End of Year                         | Before End of Year   | Before End of Year            |
|---|--|--|--|-------------------------------|
|   | Semester/Trimester 1 Segments at 70% (2.0) or Better | Semester 2 Segments at 70% (2.0) or Better | Overall - Both Semesters - All Segments at 70% (2.0) or Better | Perkins Credential Attainment |
| Number and Percent of Students Obtaining Goal     | 278 Students<br>Or<br>87%                            |  |  |                               |
| Number and Percent of Students Not Obtaining Goal | 43 Students<br>Or<br>13%                             |  |  |                               |
